

Better financials to support 3m families in need

For 75 years Heifer has been working around the world to increase income, improve child nutrition, care for the Earth, and ultimately end world hunger and poverty.

INFO
INDUSTRY: Nonprofit
SIZE: 1200 employees
LOCATION: International 25 countries
PRODUCT: Unit4 Enterprise Resource Planning (ERP)

Achievements

Drive innovation
 Digitizing, automating and streamlining processes to enable innovation. Increases and diversifies revenue, scales up program impact.

Real time, anytime
 Have a 360° view for stakeholders of how projects are going globally. Drives decision making and fast response.

More for the mission
 Field workers spend less time on admin, more on serving communities. HQ staff operates with high efficiency, freeing time for analysis and strategic reporting.

The Challenge

Heifer struggled with systems unable to address donor transparency, reporting complexity, and a real time access to data globally. They had four or five different accounting systems spread across the globe and no way to get a comprehensive picture of the business.

Unit4 ERP “...has allowed Heifer to have a centralized, robust and integrated system to increase the impact we have around the world.”

Steve Northcutt, Director of Enterprise Systems

How did Unit4 help?

- Automated financial consolidation
- Flexibility to address project uniqueness from country to country
- Automated invoice workflow
- Reporting power to meet specific donor requirements in real time
- Address multi currencies
- Automated funds transfer

Financial Management
