

GCON4 MFL

PRODUCT BROCHURE

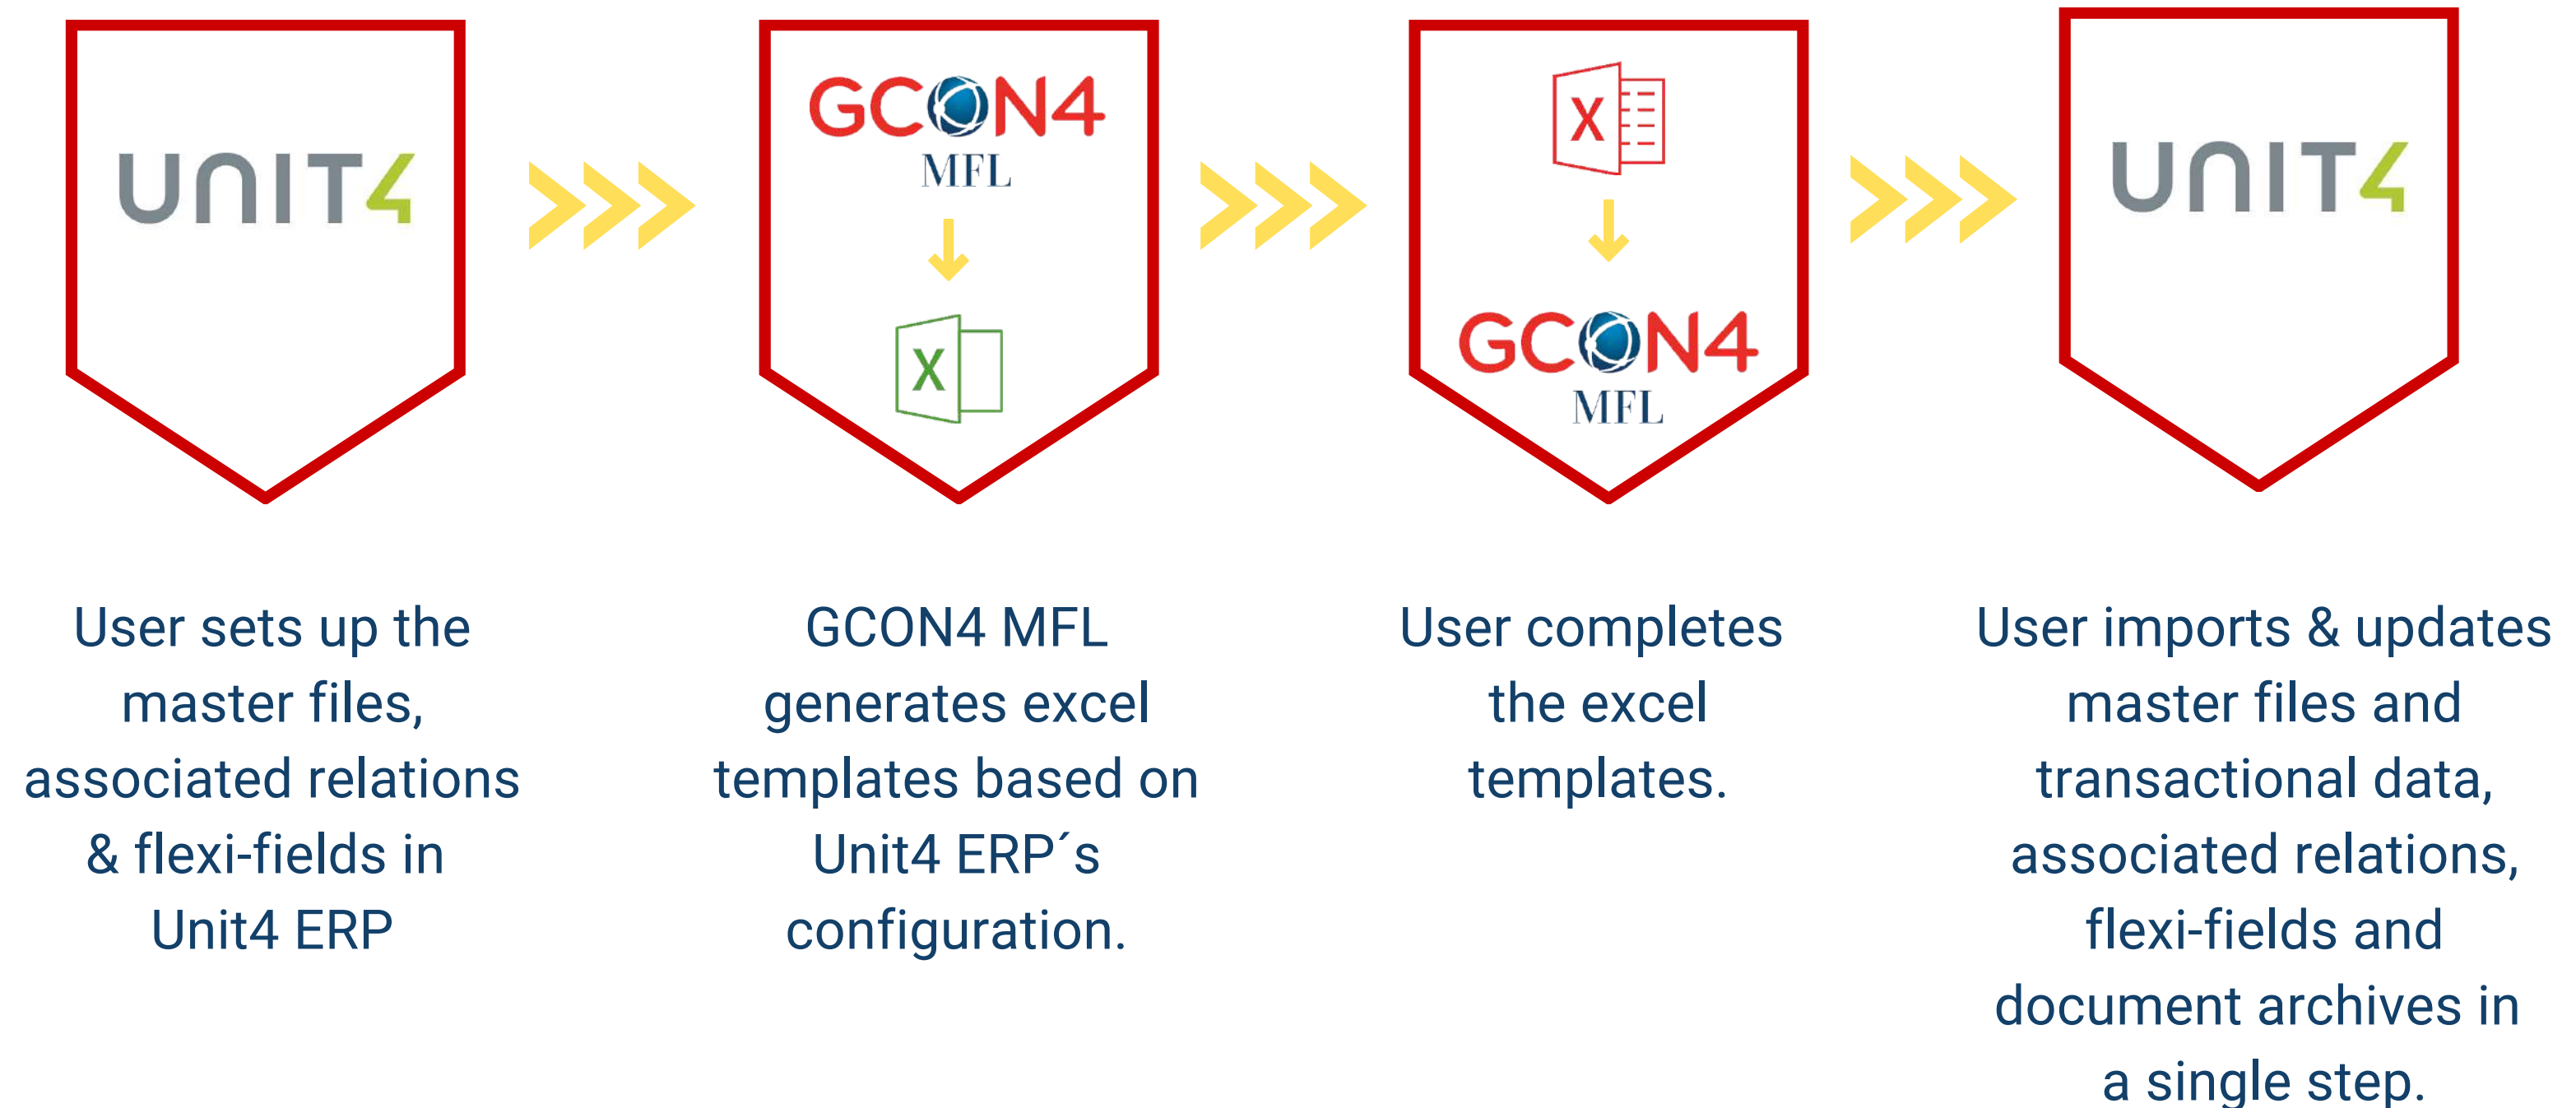

A REVOLUTIONARY TOOL

GCON4 MFL is an innovative, indispensable tool to streamline and **significantly reduce the time to perform data migration and management** of the leading ERP solution, Unit4 ERP (formerly known as Unit4 Business World / Agresso / UBW).

HOW IT WORKS

BENEFITS

MIGRATES RAPIDLY

With an easy-to-use interface, GCON4 MFL enables you to **bulk import, update and validate** master files and transactional data including all associated flexi-fields, relations, and document archives easily and rapidly, **within a single step.**

UPDATES / ADDS INSTANTLY

GCON4 MFL enables users to **bulk update existing Unit4 ERP data or to add new ones easily** without taking days to change the records individually.

DATA INTEGRITY

GCON4 MFL makes sure all import data is **thoroughly validated and highlighted** with details of any errors found before the upload.

TIME & COST SAVINGS

GCON4 MFL **boosts productivity and efficiency** in your workplace and results in significantly reduced ERP implementation & management time and costs.

FEATURES

FLEXI-FIELDS & RELATIONS

Third Party Software Integration Engine

Document Archive + Flexi-fields + Relations

Hear it from our clients

"Just the process to import users saved us around four or five days using GCON4 MFL over the traditional methods we used. Had we used the solution from the start, it could have saved us months and not just days. Our only regret is that we didn't find the solution earlier!"

- Ken Edwards, Senior Systems Accountant,
Cancer Research UK

"We are very happy to have used GCON4 MFL because it has given us total confidence in the data that was being uploaded and has helped to significantly reduce the implementation time and cost of Unit4 ERP. We are also grateful for the great support given by GCON4 in using the tool to ensure a smooth data migration. "

- Mario Andres Velasquez, Project Manager,
CIAT

"We are happy to have invested in GCON4 MFL and can see real benefits as an organization in using this software. GCON4 is happy to help with any issues and has a rapid response time when any has been discovered. Also speaking to them you can see the passion for the product and hearing about their Road Map for the future is very exciting with lots of possibilities."

- Paul Nelson, ERP Implementation Consultant,
Places for People

Hear it from our clients

"GCON4 MFL tool is a powerful and essential part of our Unit4 ERP tool kit. This addition has greatly enhanced productivity allowing our team to refocus on other critical activities. SWIB realized increased efficiencies, including the elimination of time-consuming manual updates and improved data quality."

- Heather Dobson, Senior Advanced Financial Accountant, SWIB

**Canada Council
for the Arts**

"GCON4 MFL was crucial to our implementation of Unit4 ERP, to load large amounts of data that otherwise would have been entered manually and would have needed a large amount of resources!"

- Nathalie Lauzon, HRFS System Support Specialist,
Canada Council for the Arts

"We are extremely pleased with the GCON4 MFL software. It has meant that many disparate processes have been streamlined and unified, saving staff time and effort as well as reducing errors. "

- Simon Talbot, Accountant, Woodland Trust

Hear it from our clients

"Thanks to GCON4 MFL, we achieved full automation on various business processes and faster load time on spending authority flexi-fields."

- Ivan Tang, Project Manager, Metro Vancouver

"We are happy to have used GCON4 MFL because it is useful to us in the institution for massive processes!"

- Libia Karina Gonzales Marin, IT Programmer,
Unifranz University

"GCON4 MFL improves our speed and accuracy during the US Open Enrollment Process for all employees for importing their selected benefits from our service provider."

- Alan Jones, Technology Architect, Heifer
International
