Brett Cornforth,  
IT Consultant

## What challenges were you facing BEFORE using GCON4 MFL?

- The main challenge was the necessity to create and maintain a large number of different import processes with separate configuration across the system. Also, the inability to load some data types.

## What benefits did you gain AFTER using GCON4 MFL?

- Simplification and standardisation of the load process. More load types supported than in standard Unit4 ERP.

**"GCON4 has simplified and standardised our data load processes enabling us to great the desired result with minimum effort."**
